Subject: Cargill contracting update

Hi Everyone,

Here is an update on the Cargill contracting from our discussion with OECA this afternoon.

- The task list (Technical Direction or TD) we drafted is fine. We can very easily add tasks later. I've attached a revised version with minor edits from OECA. We can still make edits to TD, so please let me know asap if anyone has changes so I can get a revised document to OECA.

- Allan will likely be able to get the PR in the system either Friday or Monday.

Ok, I think that's it. I'm off tomorrow but back in starting Monday. My contact at OECA is Kelly Brantner (202-564-9933) if anyone has urgent questions for her tomorrow.

Thanks,
Melissa
